## **BERKELEY SEARCH CONSULTANTS ANNOUNCES JEAN SPEAR AS VICE PRESIDENT, CONSUMER PACKAGED GOODS PRACTICE**

The announcement comes as a result of [Jean Spear's](#) promotion from Senior Director, Consumer Packaged Goods Practice to Vice President, Consumer Packaged Goods Practice. *"This promotion for Jean marks a significant milestone in her leadership of the Consumer Packaged Goods Practice for Berkeley Search Consultants. Jean is an amazing and talented search professional who has consistently delivered results for our clients. Her dedication to our firm, her team and most importantly her clients is unmatched,"* says [Mark Howard](#), President & CEO of [Berkeley Search Consultants](#).

Jean Spear transitioned her successful recruiting career to Berkeley Search Consultants (BSC) in 2016 as a Project Recruiter for the Consumer Packaged Goods Team. Prior to working with the firm, Jean started her professional career with an aerial mapping company as a data analyst, but quickly found a passion in the operation side of the business working with companies like Google and Cirque du Soleil. In 2018, Jean took over leadership of BSC's Consumer Packaged Goods Practice.

Jean was a natural fit with her passion for natural foods and mission-driven companies. Jean leverages her industry relationships to connect top talent with high growth, emerging companies. She has expanded and defined the practice by becoming a plant-based food industry expert. Jean and her team take great pride in the companies they partner with and have supported. As a result, Jean's expansion of our client base in the Consumer Packaged Goods Practice makes her well-suited for the role of Vice President.
