

**Position Title:** Director of Health Information Services

**Organization:** City and County of San Francisco, Department of Public Health (SFPDH)

**Organization Type:** Public, Non-Profit, County Public Health Department

**Location:** San Francisco, California

**Salary Range:** \$175,864 - \$224,510

## **Organization Profile**

The City and County of San Francisco has retained Berkeley Search Consultants to recruit for a Director of Health Information Services (HIS) for the Department of Public Health. San Francisco is one of the most beautiful and cosmopolitan cities in the world. The city has a residential population topping 880,000 and more than 25 million business and leisure visitors annually. Its natural beauty is enhanced by robust commercial, retail, cultural, and intellectual communities, along with diverse and engaged constituencies. San Francisco is the only city in California with a consolidated city and county government. The City has an elected Mayor (London Breed) and 11 members of the Board of Supervisors, elected by district.

The San Francisco Department of Public Health is committed to providing quality health care and services for all San Franciscans, regardless of immigration or insurance status. The department has two divisions; San Francisco Health Network – the County’s top-rated clinics, hospitals and programs – and Population Health, which offers public health services, disease prevention, and infection control.

## **Position Profile**

Under the direction of the Zuckerberg San Francisco General Hospital CFO, the Director of Health Information Services (HIS) plans, supervises, coordinates, and manages the operations and activities required to ensure uninterrupted day-to-day operations of the SFPDH Health Information Services (HIS) Department. The Director of HIS manages approximately 110 employees providing technical and-clerical health record services for inpatient/trauma admissions, outpatient visits, behavioral health services, skilled nursing facility services, jail health services, population health and other services across city and county of San Francisco. The ideal candidate is a data driven, customer service oriented, HIS leader with union and EPIC experience.

**This is announcement of an upcoming posting. The position has not yet been posted on the City & County of San Francisco’s official career website. Submissions made to this posting will not be considered an official application. Instead, they will be considered a statement of interest, and our team will notify you when the official application becomes available on the City & County of San Francisco’s website.**
