

**Title:** Food Safety Coordinator – SQF Practitioner

**Location:** Tracy, California

**Onsite/Hybrid/Remote:** onsite

**Compensation:** Salary DOE

**Client:** Confidential

### **Company Overview:**

Our Client is an established, well-known Consumer Packaged Goods company in Tracy, California.

### **Job Description:**

This role is responsible for monitoring and maintaining Quality Systems to ensure compliance with regulatory, federal, and state laws. SQF Practitioner will oversee the implementation of processes and maintenance of quality standards to meet customers' specifications and food safety and operational standards. This individual must be able to work effectively as a team player, possess strong communication skills, and interact across departmental boundaries, minimizing conflict, and maximizing interdepartmental goodwill.

### **Education and Experience:**

- At least 5 years of experience in High-Volume Food Manufacturing facilities.
- Excellent documentation and record-keeping skills.
- Knowledge of GMP, HACCP, Food Safety, and Food Labeling (FDA and USDA)
- Experience in Packaging, Fresh-Cut, Deli products, and MAP (Modified Atmosphere Packaging) a strong plus.
